EXTERNAL AUDITING

Our audit model and approach focus on:

- ISQC1
- Developing an understanding the organisation's activities and its environment;
- Reviewing the control environment;
- Perform planning exercise;
- Performing a thorough risk assessment;
- Assessing controls in place;
- Customising audit plans;
- Communicating at each stage of the audit process with all relevant parties
- Ensuring compliance with the regulatory framework;
- Gathering audit evidence and ensure compliance with ISAs, build up working papers and obtain other audit deliverables;
- Final & execution: drafting of audit report and management letter (formulated with suggestions for improvement in operations);
- Communicating with those charged with governance

INTERNAL AUDITING

Audit services designed to help your business mitigate risk, create new efficiencies and better support strategic objectives. In addition to doing basic review of company financials, internal auditors review your processes and make recommendations in their internal audit report to maximize productivities.
